

## HEADTEACHER MESSAGE

As this is my last newsletter as Head of BGL, I would just like to take this opportunity to say a huge thank you to all the people that have made my time with you so special. The children and staff, who I have spent the most time with, have given many proud and joyous moments. The Governors, who work tirelessly for the school, have been an invaluable support, always championing the pursuit of the highest standards possible. Meeting so many of you on the gate in the morning and in the evenings has also allowed me to learn and understand our wonderful children even better. Thank you for your kind and thoughtful comments.

I have absolutely no doubt that Mrs Esa will be a magnificent Headteacher here. She has a passion and skillset that really inspire those around her and that bring about positive outcomes. I wish you all a wonderful future and to our Year Sixes that leave on Monday, remember to, "Love learning and inspire each other to thrive in the world."

Mrs M Ward  
Associate Headteacher

Welcome back to Mrs Bhogul, who had her first full week back with us this week. She has been really missed in The Nest and I know how grateful the children and parents have been to see her back at BGL. The staff have certainly enjoyed having her back.

Congratulation to Mrs Riley who is pregnant and expecting the baby late in the Autumn Term. Mrs Riley is embodying our school values and doing a wonderful thing by being a surrogate for a family friend.

## ATTENDANCE STATS

## ONLINE SAFETY FOCUS: PARENTAL CONTROLS FOR APPS

At National Online Safety, we believe in empowering parents, carers and trusted adults with the information to hold an informed conversation about online safety with their children, should they feel it is needed. This guide focuses on one issue of many which we believe trusted adults should be aware of. Please visit [www.nationalonlinesafety.com](http://www.nationalonlinesafety.com) for further guides, hints and tips for adults.

### How to Set up PARENTAL CONTROLS for APPS iPhone

Apple devices come with built-in apps already available: Mail, FaceTime and Safari, for example. However, you can choose which apps and features appear on your child's device and which ones don't. You can also manipulate the features in Game Centre to enhance your child's safety and privacy when playing games, as well as blocking iTunes or App Store purchases if you wish.

#### How to Restrict Built-in Apps/Features

- Open Settings
- Tap Screen Time
- Tap Content & Privacy Restrictions
- Tap Allowed Apps (you may need to toggle this to 'on' at the top)
- Enable or disable the apps you wish to appear (or disappear) on your child's device

#### How to Restrict Game Centre

- Open Settings
- Tap Screen Time
- Tap Content & Privacy Restrictions
- Tap Content Restrictions (you may need to switch the toggle at the top to the 'on' position)
- Scroll down to Game Centre
- Choose between Allow, Don't Allow, or Allow with Friends Only in the settings for each feature

#### How to Restrict iTunes & App Store Purchases

- Open Settings
- Tap Screen Time
- Tap Content & Privacy Restrictions
- Tap iTunes & App Store Purchases
- Select Allow or Don't Allow for each feature (you can also lock these settings with a password)
